

Remarks

Upon entry of this paper, claims 58, 60-67, 69, 70, 72, 74-79 and 81-118 are pending, with claims 72 and 74, 79 and 87-118 being presently withdrawn from consideration. In the Office Action, the Examiner has indicated that claim 72 will be rejoined.

No new matter is added by the amendments made herein.

Objections to the Specification

In the Office Action, the Examiner objected to the disclosure because it lacks headings. The headings have been added with this amendment.

Accordingly, it is respectfully submitted that the objections to the disclosure raised in the Office Action have been overcome, and Applicant courteously solicits the Examiner to withdraw the objections.

Rejection of the Claims Based on Indefiniteness

In the Office Action, claims 58, 60, 61, 63-67, 69, 70, 75-78 and 81-86 were rejected under 35 USC §112 as being indefinite for failing to distinctly claim the invention. Applicant has amended all of the pending claims where appropriate to correct the language considered indefinite by the Examiner.

Applicant respectfully submits that the amendments made herein overcome the rejection of the claims based on indefiniteness, and respectfully requests withdrawal of the rejection.

It is believed that all of the pending issues have been addressed. However, the absence of a reply to a specific rejection, issue or comment does not signify agreement with or concession of that rejection, issue or comment. In addition, because the arguments made above may not be exhaustive, there may be reasons for patentability of any or all pending claims (or other claims) that have not been expressed. Finally, nothing in this reply should be construed as any intent to concede any issue with regard to any claim, except as specifically stated in this reply, and the amendment of any claim

does not necessarily signify concession of unpatentability of the claim prior to its amendment.

The Examiner is invited to direct any questions to the undersigned at the below-listed contact numbers.

Respectfully submitted,
Jiri BABEJ
